COLOMBIA POTENCIA DE LA VIDA

TIC

Lesson 1

TALENTO TECH

AZ | PROYECTOS EDUCATIVOS

Universidad Tecnológica de Pereira

Socialize the technology idiom of the day.

(The) Die Is Cast

Meaning: Once a decision is made and actions are set in motion, they cannot easily be reversed.

Example: We've upgraded our servers and there's no going back now, the die is cast.

Discussion questions about cloud Native Patterns.

- What is your understanding of Cloud Native Patterns, and how do you think they contribute to the development of software?
- Can you provide examples of situations where implementing Cloud Native Patterns might be beneficial for designing software?
- How do you think Cloud Native Patterns align with the broader concept of Cloud Computing, and what advantages do they offer in terms of software development and deployment?
